

## ***Job Title: Urology Physician Assistant***

**PA opportunity providing an exceptional work/life balance.**

**Full-time compensation and benefits with a part-time schedule.**

**First call 1 night/week and every 4<sup>th</sup> weekend.**

**Clinical practice schedule 3.75 days per week.**

We are seeking a motivated and detail-oriented **Physician Assistant (PA)** to join our Urology team. This is a great opportunity to work in a collaborative environment, providing impactful care while expanding your clinical skills in both outpatient and acute settings.

---

### **Key Responsibilities:**

#### **Outpatient Clinical Duties:**

- Conduct comprehensive patient evaluations, including history taking, physical examinations, and ordering/interpreting diagnostic tests.
- Manage a variety of urologic conditions (e.g., BPH, hematuria, kidney stones, urinary incontinence, UTIs, etc.).
- Provide patient education and counseling regarding treatment options, medications, and post-surgical care.
- Collaborate with supervising physicians to formulate treatment plans and follow-up care.

#### **First Call Responsibilities:**

- Serve as the first call provider for inpatient consults, ED evaluations, and urgent outpatient issues.
  - Evaluate and manage acute urologic conditions under physician supervision.
  - Facilitate communication and coordination with on-call urologists for admissions, procedures, or urgent interventions.
  - Assist with rounding on inpatients, discharge planning, and documentation.
  - Participate in weekend or after-hours call rotation as scheduled.
- 

### **Qualifications:**

- Graduate of an accredited PA program.
  - Current licensure as a Physician Assistant in Iowa and Illinois.
  - NCCPA Certification
  - Minimum 1–2 years of experience in urology or surgical specialty preferred (new graduates with strong interest in urology will be considered).
-

**Skills & Competencies:**

- Strong clinical judgment and procedural skills.
  - Excellent communication and interpersonal abilities.
  - Comfortable in fast-paced clinical and hospital environments.
- 

**Schedule & Compensation:**

- Schedule includes weekday clinic hours and defined call rotation.
  - Full-time compensation and benefits package including medical, dental, 401(k), CME allowance, and paid time off.
-
